New Document to Help Residential Substance Use Disorder Placement for Individuals with Bleeding Disorders

Historically, many residential substance use disorder (SUD) facilities have denied admittance to individuals with bleeding disorders – the basis of these denials are most often the use of self-administered, intravenous medications such a as factor replacement therapies. The lack of access to residential addiction treatment facilities, can have very serious, even fatal outcomes for bleeding disorder (BD) patients in acute need of help with their addiction.

Results of a national survey of hemophilia treat center (HTC) providers suggest that the majority of attempts to place patients at a residential addiction treatment facility or at mental health facilities have met with failure. However, interviews with HTC providers who have bucked this trend and secured residential placements have helped generate a document that provides best practices and resources for HTCs endeavoring to successfully refer a BD patient. It is a comprehensive resource that is meant to encompass the various referral stages, including things to consider prior to making a referral, during the referral process, and in the event of a denial.

Best Practices For Accessing Residential Substance Use Disorder Treatment For Individuals With Bleeding Disorders is a product of the Bleeding Disorders Substance Use and Mental Health Access Coalition (BD SUMHAC), whose mission is to advocate for access to appropriate SUD and mental health (MH) treatment facilities for all individuals with BDs. The Coalition plans to develop a similar document centered on access to MH facilities.

Please note that the Coalition is very eager to collect as much information as possible relevant to denials for residential SUD treatment, so that they can continue to refine best practices and enhance support for individuals with BDs. To get more information, go to <u>https://www.newenglandhemophilia.org/wp-content/uploads/2022/08/BD-SMUHAC_Best_Practices_FINAL.pdf</u>. Refer to the contacts at the bottom of page eight for contact details.

BD SUMHAC was formed via a partnership between the New England Hemophilia Association (NEHA), Hemophilia Federation of American (HFA), the National Hemophilia Foundation (NHF), HTC providers, and BD community members. Sponsoring organizations include NHF, NEHA, and the HTC at Rush University Medical Center.

Annual Meeting aka Summer Family Event

The Summer Family Event featured several important educational sessions, children's activities, and new board member election. This event took place at the beautiful Hyatt hotel in downtown Louisville. The event started with an exhibit period during which

2022 KHF Family Camp

Our Family Camp this year lent itself to the most wonderful Halloween flavored activities. In addition to all the outdoor fun, such as campfire and s'mores at the lake, playing gaga ball and capture the flag, canoeing, archery, basketball, cornhole and more, participating families enjoyed an interactive cooking lesson led by Chef Mike. This team effort resulted in a delicious macaroni and cheese dish and chicken strips, which were accompanied by a green salad. Halloween decorations, pumpkin painting, and a costume contest that required substantial creativity and humor set the stage for a great Halloween season. Kids were thrilled interacting with their parents

and siblings and other families in a stress-free

and fun environment culminating in a dance party during the last evening. All activities took place at Cedar Ridge Camp where KHF holds its annual summer camp for kids and teens as well. Lodging was provided in a nearby hotel. The weather was great during this end of summer/beginning of fall weekend and allowed for lots of time being spent outside. This was a large effort and a labor of love by several of our Camp Committee Members. They are Justin Lindhorst; Missy Frey, RN; Rania Salem, RN; Travis Price and Sam Johnson. We extend our appreciation to them and our sponsors who were CSL Behring and HEMA Biologics.

9th Annual Unite Walk

A sunny fall day greeted our Walk teams early on Saturday, October 22, 2022, at E. P. "Tom" Sawyer State Park once again. Sixteen teams from the greater Louisville area, Bowling Green, Vine Grove, and Cynthiana gathered for our Ninth Annual Unite for Bleeding Disorders Walk and community event. Everyone's spirits were high

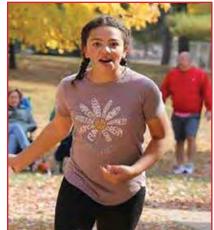

as Venus Marcum, our Walk Committee Chair, led the teams on their Walk route after the pinwheel ceremony, which set the stage for unity, hope, and resilience. In the meantime, Eric Marcum and Travis Price fired up the grills and provided our walkers, volunteers, and exhibitors with scrumptious hot dogs. These freshly grilled hot dogs, chips, cookies, and beverages hit the spot and were enjoyed by all. Parents had the opportunity to visit with national and local sponsors, while their children enjoyed face painting, pumpkin painting, photo booth, pinata smashing, and other fun kids' games.

The popular Halloween costume contest featured three winners: Tag Poynter, the "Scary Werewolf;" Shreeyan Jadhav, the "Ninja Pirate;" and a lovely young lady, perfectly embodying a "Brats Doll." Leading up to the awards ceremony, adults enjoyed the drawing for door prizes. Peer to peer fundraising had been competitive among the top teams during recent weeks. Winners were determined by their leaderboard standing

right before the Walk. The 3rd place Walk team winner was Team Roblynn from Louisville with Constance Wheat as Team Captain. They raised \$850. The 2nd place Walk team winner was Team XL from Louisville with Dianne Hardman as Team Captain. They raised \$1,425. The 1st place Team winner was Team Tag & Trey's Turtles from Bowling Green with Monica, Tag, and Trey Poynter as Team Captains. They raised an incredible \$4,825, which since the time of the Walk has increased to \$5,925.00. Their secret "weapon" was husband and dad, Josh Poynter, who single-handedly raised most of this amount from donations by co-workers and other workplace supporters. Congratulations and much gratitude to all teams but especially to Team Tag and Trey's Turtles. Theirs is the highest team amount raised since the start of our Walk. Each team member of the top three teams received a handsome medal and an insulated lunch cooler. All winning team captains received a very nicely inscribed glass award to commemorate and show our appreciation for their leadership and hard work.

The top three highest individual fundraisers were also recognized. In third place was Constance Wheat from Louisville with \$595; in second place was Cory Meadows from Louisville with \$700; and in first place was Dianne Hardman with \$900. They also received a very attractive glass award for their achievements. Walk

t-shirts, tote bags, and incentive gifts for individuals who raised \$250 or more added a special touch to everyone's participation in this important fundraiser. We thank all walkers, team captains, donors, volunteers, and sponsors wholeheartedly for making the 2022 Kentucky Unite for Bleeding Disorders Walk a success. Local Silver Sponsors were CSL Behring and Novo Nordisk; Bronze Sponsors were BioMarin, Kosair Charities, Sanofi Genzyme, and Takeda; Kilometer Sponsors were Biomatrix and Republic Bank and Trust Company. The Walk raised \$27,030 for KHF's programs and services for Kentucky's bleeding disorders community.

Going through a hard time?

Remember, KHF Cares. Kentucky Hemophilia Foundation continues to provide financial assistance to bleeding disorder families whose household income has decreased because of loss of job, lay off, furlough, reduced hours, or due to another type of emergency and as a result unable to pay a specific household bill. Requesting families must reside in Kentucky, and the person seeking assistance must either have a bleeding disorder or be the parent of a minor child with a bleeding disorder. Assistance is contingent on the availability of funds.

Call 502-456-3233 or 800-582-CURE (2873) or send an email to info@kyhemo.org to make a request.

Donor, \$3,200 Forcht Group for poinsettias

Donor, \$750 CSL Behring

Donor, \$200+ Greg Fiscus

Donor, \$550 JE Dunn Construction Company Charitable Fund for Walk

Donor, \$200 Diann Meadows for Walk

Do The Five

Follow these steps to prevent or reduce complications of bleeding disorders

- **1.** Get an annual comprehensive checkup at a hemophilia treatment center.
- 2. Get vaccinated Hepatitis A and B are preventable.
- **3. Treat bleeds early and adequately.**
- 4. Exercise to protect your joints.
- 5. Get tested regularly for blood-borne infections.
